

by **CORTINO** *Rollbox*

Let your blinds join the world of *smart home*.

Buy a Rollbox drive and control the blinds by remote control or a smartphone.

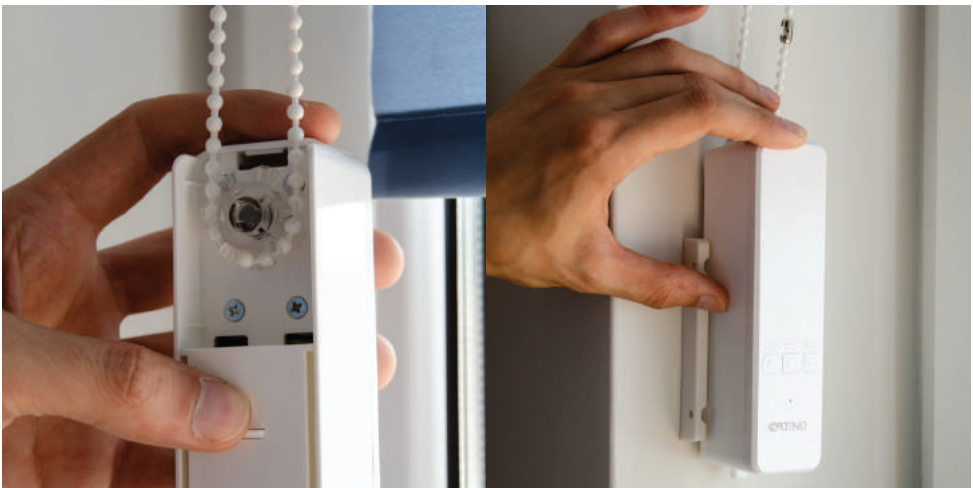

Rollbox drive - 4 steps mounting. See how simple it is!

1. Use a template to determine the mounting location of the holder.

2. Fasten the holder with screws or tape.

3. Match the appropriate wheel to the type of chain. Place them in the drive and close the cover.

4. Insert the drive into the holder and slide it down to stretch the chain of the blind.
